---

Max Zander, top agent for the international police agency WIPA, does battle with the forces of crime and stands up for the rights of the little people. To strike fear into the hearts of his enemies, he fights crime with his face hidden by a plastic mask, leaving crime bosses to speculate on just who "The Clown" really is. When Max's friend dies in car-bomb ment for him, Max decides to die and live on as a phantom - as Clown and fight the evil. He has help from his friends Claudia (journalist), Dobbs (pilot, who has serious company) and Ludowski (lawyer, ex-cop who helped Max to die). But the price is too high (Ludowski gets killed in one incident and gives Max a chance to start over). But then secret organisation shows up and theats to give over all the evidence collected during the Clown active years to cops unles Max wont continue as Clown. The struggle continues. I actually found this TV series quite awesome when it used to run . It's actually a really awesome action TV series that would be up there with The UNIT or 24 if it wasn't in German .

Anyway basically the main character is an ex-special forces type who faked hes own death and now he is a vigilante going after the larger organized crime groups , this isn't like the A-team where the enemy never gets hit with bullets. In The Clown HE actually does shoot the enemies and often stabs , so plenty of action and explosions in the series .

BTW , hes best friend crashes a helicopter in almost every episode ( wonder how much that costs ) :D

It is definitely worth a shot if u don't mind the German language or subtitles . 646f9e108c
